

CITY OF MANASSAS PARK JOB OPPORTUNITY IT Systems Engineer

Manassas Park is an independent jurisdiction in Northern Virginia, approximately 30 miles southwest of Washington, DC. The city borders Prince William County and the City of Manassas. Manassas Park offers citizens an established community along with the prospects of significant future residential and commercial development. The desirable living features such as neighborliness and community pride in a small, progressive city environment add to the City's charm.

General Statement of Job

The City of Manassas Park is looking for a Systems Engineer to support the City IT Director in the design, deployment, and support of a City-wide information network.

All positions at the City of Manassas Park require a customer service mindset, in accordance with the Customer Service-related focus of the City.

Specific Duties and Responsibilities

- Take leadership role in the planning, development, and deployment of City-wide information networks using Systems Engineering best practices.
- Provide technical support to the IT Director in the resolution of critical network problem resolution.
- Deliver expertise in application system integration as the city moves forwards with its Enterprise Resource Planning architecture.
 - Review Data migration between old and new ERP systems to ensure proper data transfer.
 - Support Testing of new ERP systems prior to and after Go Live.

CITY OF MANASSAS PARK JOB OPPORTUNITY IT Systems Engineer
