#### Job Description

Loudoun County's Department of Finance and Budget is seeking a dynamic individual to fill a full-time position supporting Oracle EBS as a Functional Systems Manager.

This position provides business process support and functional system support for a variety of Oracle modules including General Ledger, Fixed Assets, Projects and Grants. Responsibilities include maintaining the Chart of Accounts, security rules, budgetary controls, inter-fund management, creating standard and ad hoc reports, and serves as the expert on accessing data through the General ledger FSG and Oracle's Business Intelligence (OBIEE) reporting tools. This position provides the first line support to trouble-shoot, set-up and configure modules, test financial system upgrades, conducts training, creates business process documentation, and coordinates and resolves cross module issues with other functional system staff.

Hiring salary commensurate with experience

#### Job Requirements

Requires any combination of education and experience equivalent to a Bachelor's degree and four years of directly related work experience of directly related work experience in accounting, knowledge of governmental accounting standards, and demonstrated progressive responsibility for financial system support. Prior experience working with a major ERP system, such as Oracle, in a medium to large organization is required. Strong verbal communication skills are essential.

### Post Conditional Offer Contingencies

Position is contingent upon successful completion of criminal background and credit check.
